UWE Kalenka for State House

DISTRICT 24 / MIDTOWN

Uwe Kalenka

"I appreciate our freedoms. I'm grateful for Alaska. I love America. Some people say we can't say that anymore. They're wrong, we can shout it from the roof tops! I've lived in other countries, I know what it's like. We have so much to be thankful for. Government does have an important role to play, but we must beware of the temptation to "socialize" state programs. It may look good on the surface, but it doesn't work."

Please help Uwe actively, aggressively and strongly represent District 24 – Midtown in the state legislature.

Any amount, even \$1.00 will be greatly appreciated!
